

Students and staff at Green Hills Elementary School hosted a Grandparent's Breakfast recently. Principal Jonathan Perkins said, "We enjoyed a great turnout for our annual breakfast that is part of our Grandparent's Day celebration at GHES."

He said, "It was a great time to connect with the students' families while enjoying a great meal served up by our wonderful cafeteria staff. Everyone had a great time and the grandparents were also able to shop at our book fair with their students."

GHES is grateful to all who worked to make this a success and especially to our families who took the opportunity to participate, said Perkins.
